## Leadership Training in the Wilderness

**Who?** 12 incoming sophomores, juniors, and seniors from Grass Valley/Nevada City & Donner Summit communities led by South Yuba River Citizens League (SYRCL) staff

**What?** One day training for SYRCL's Great Yuba CleanUp, followed by a night of orientation and educational speakers at Clair Tappaan Lodge on Donner Summit. Then, two nights backpacking on Grouse Ridge developing map and compass, ecology, and leadership skills

**Why?** Students learn the far reaching impacts of land use in their community & connect it to the entire watershed, + students receive training to become site leaders for SYRCL's Great Yuba Clean-Up on Sept. 20.
